What Is Sociocultural Theory verywellmind com

Another important difference between the two theories was that while Piaget's theory suggests that development is largely universal, Vygotsky suggested that cognitive development can differ between different cultures. The course of development in a Western culture, for example, might be different than it is in an Eastern culture.

Sociocultural Theory Communication Theory

The sociocultural theory is a psychological theory which explores the relationships between external and internal processes. The theory focuses on the creation and usage of mediating tools that play a role in how humans think. It helps create a framework that facilitates in systematically investigating cognition, keeping in mind the social context. Human development is viewed as a socially mediated process that varies from culture to culture.
